

THE **Gourmet** RETAILER®

Wagshal's Imports Spanish Condiments Direct

Wagshal's Delicatessen and Market now offers the Can Bech luxury product line from Spain.

Made with the purest globally sourced ingredients selected for their high quality and picked at the height of their flavor, the all-natural Can Bech Spanish food products are now exclusively imported by the Washington, D.C.-based retailer.

The Four Seasons Fruit Spread Collection: One spread for every season of the year, each jar represents the best fruits that season has to offer; Fruits of the Forest Fruit Spread: A glorious combination of raspberries, blackberries, blueberries, and strawberries. This spread offers a perfect tart mix; Individual Just-for-Cheese Sauces or the Five Assorted Flavor Package: These sauces are designed to pair perfectly with many different types of cheeses; and Rose Petal Jelly: Surprisingly versatile, this jelly complements ice cream, dark chocolate cake, foie gras canapés, or can be used to make a glamorous rose Cosmopolitan cocktail.

"Made with no artificial preservatives, these products uphold a standard of excellence and taste uncommon in the U.S. for this type of product," says Aaron Fuchs of [Wagshal's Imports](#). "When you look at the ingredient list on the jar you'll see what I mean. Each jar contains no more than a handful of the most natural ingredients -- and not an unpronounceable name to be found."

Located in Fontailles, a small Spanish village near the French border, the family-run [Spanish food](#) company dedicated to gastronomic craftsmanship, offering a wide range of high quality products designed to bring vitality and color to the culinary world. Wholesale options are available for wine & cheese shops, specialty food shops, grocers, caterers, and others.

Established in 1925, [Wagshal's](#) is known for its array of [prepared foods](#), sandwiches, wines, butcher shop, and hard-to-find items. In gourmet circles, Wagshal's is best known for its artisanal Ibérico and Ibérico de Bellota pork products.
